# LEADING AFTER A NUCLEAR ACCIDENT

Insights on the Fukushima nuclear accident from a leadership point of view, directly from the live experience of the former CEO of TEPCO, the utility owning and managing the nuclear power plant of Fukushima Daiichi.

seminar from

**MR. NAOMI HIROSE**

Mr. Hirose (B.A., Hitotsubashi University, M.B.A., Yale University, School of Management) is Vice Chairman of TEPCO Holdings. He joined TEPCO in 1976, then covered several positions inside the Company, up to becoming President and CEO of TEPCO during the period 2012-2016.
